Panasonic

Panasonic provides you
with the ideal workstyle.

DISTRIBUTED BY :

Panasonic

Panasonic provides you with the ideal workstyle.

Choose from three series of terminals to match your office style. Regardless of the one you select, you'll enjoy the same elegant, easy-to-use Panasonic performance.

Make your business go faster and smoother.

Panasonic Terminals MAIN FEATURES

HD Voice

Enables calls with an HD voice quality (G.722 support) that makes it seem like you're speaking face to face with the other party.

Full Duplex Speaker Phone

Enables you and the other party to hear each other's voice clearly, even if you speak at the same time.

Gigabit Ethernet Port / PoE

Supports PoE. No AC adaptor is required if you have a power supply.

Backlight LCD Display

Clear text and information are easy to see.

Self Labeling CO Buttons

Registered numbers can be displayed, making it easy both to call and to make changes.

Electronic Hook Switch(EHS) Support

Wireless communication is possible by connecting an EHS headset to the EHS jack.

KX-NT Series

▸ **IP** proprietary terminal

The KX-NT Series helps you to break away from your desk and reduce your cabling costs. The powerful flexibility of the NT Series allows team members to be located locally or remotely.

KX-DT Series

▸ **DIGITAL** proprietary terminal

The KX-DT500 Series delivers advanced productivity features, options and a system telephone directory. They are designed to be a cost-effective choice for any business.

KX-UT Series

▸ **SIP** telephone

The KX-UT Series are smart terminals, having unique features with specific applications in mind.

KX-NT Series

For all businesses that require advanced communication

KX-NT500 Series IP telephones take you to a new dimension of sound with excellent HD-quality audio on every phone, combined with easy access to powerful support features. The sleek, modern design, works well with any office decor or remote office.
